FARIA MUSTAQIM

FULL STACK DEVELOPER

PROFILE

I am a 9th-grade student with a keen interest in Full Stack Development, specializing in technologies such as HTML, CSS, JavaScript, TypeScript, Next.js, and Node.js. I am dedicated to creating scalable, high-performance web applications while ensuring seamless API integrations and utilizing Git for version control. With a passion for continuous learning and innovation, I am committed to tackling complex technical challenges and writing clean, optimized code to deliver impactful solutions.

CODE EXPERIENCE </>

EXPERIENCE

- *As a Full Stack Developer, I have hands-on experience in both front-end and back-end development. I have built scalable web applications using HTML, CSS, JavaScript, TypeScript, and Next.js, ensuring responsive and user-friendly interfaces. On the back-end, I have worked with Node.js and Express.js to create robust server-side applications. I am proficient in integrating APIs, implementing version control with Git, and deploying applications on platforms like Vercel. My coding experience is focused on writing clean, efficient code while solving technical challenges and continuously learning new technologies to stay ahead in the field.*

Enhance Your E-Commerce Website with Advanced Features

- Are you looking to take your e-commerce website to the next level? We can help you integrate advanced features that will make your platform more robust, user-friendly, and ready for real-world operations.
